

Mission Statement

Hjaltland aims to deliver a high quality housing service to communities throughout Shetland and is committed to a culture of sustainability and continuous improvement.

Hjaltland aims to house people in need, including those with special requirements, through a range of tenures. We will provide good quality homes which offer value for money, and are affordable to households in communities throughout Shetland.

We have a particular commitment to assisting households of one and two people to have access to housing of their choice, and also to helping remote communities remain viable.

Hjaltland will work in partnership with others for the good of the Shetland community.
